About the mortgage valuation report

Why we carry out the report

The Society is required to obtain a mortgage valuation report to help it decide what loan, if any, to make secured on the property.

Who will carry it out

The Society usually instructs one of its approved valuers to carry out the report.

What will it show

The mortgage valuer will only make a limited visual inspection of the property and will not carry out a building survey. There may well be defects, including serious structural defects that are either not noticed or not referred to you.

Arranging your own comprehensive survey

We strongly recommend that, to protect your own interests, you arrange an independent comprehensive survey of the property. If you do not arrange a comprehensive survey, you purchase the property at your own risk. If in doubt, you should seek professional advice.

Limitations of Report

The valuation report is for mortgage purposes on the property, and is not a structural survey and must not be treated or relied upon as such. The valuation given is for mortgage purposes only and may not represent the open market value of the property or its particular value to you.

Any retention figure set out in the mortgage offer is for our purposes only. It does not indicate the actual cost of remedying any items of disrepair referred to.
